

# PUBLIC HOUSING AGENCY OF THE CITY OF SAINT PAUL

REPORT TO COMMISSIONERS

FROM JON M. GUTZMANN  
EXECUTIVE DIRECTOR

REGARDING Application for HUD's Rental Assistance  
Demonstration (RAD) Program;  
Asset Management Project (AMP) No. 4  
Roosevelt Homes;  
Agency Plan Amendment

DATE August 23, 2017

Staff requests Board approval of Resolution No. 17-8/23-04 to submit an application to HUD under the Rental Assistance Demonstration (RAD) program for Roosevelt Homes (AMP 4, HUD Project No. MN001000004), requesting approval to convert that property from its current status as Low Income Public Housing to project-based Section 8 funding, either as a "Project-Based Voucher" (PBV) project or a "Project-Based Rental Assistance" (PBRA) project. The attached resolution also amends the Agency Plan to describe the proposed RAD conversion.

This is one of a series of eight proposed requests for RAD conversions, which together would constitute a "portfolio-wide" conversion including all of the PHA's the sixteen hi-rises and four family housing developments, a total of 3,852<sup>1</sup> public housing units. The PHA's 418 scattered site homes are not part of these RAD applications. The highlights of the proposed conversion are explained below and the details are shown on the attachments, which are as follows:

1. Financial Analysis
2. Resident Comments
3. RAD Application
4. Board Resolution with attached HUD Certification (to be signed by the Executive Director and submitted as part of the RAD Application)
5. Statement of PHA Capacity to Administer a PBV Project

---

<sup>1</sup> The previous total of 3,856 public housing units proposed for conversion to RAD will decrease by one when two zero-bedroom (efficiency) apartments at Valley Hi-Rise are converted to a single one-bedroom unit. Three "Special Purpose Units" are also subtracted from the RAD conversion total (2 ALP offices at Hamline Hi-Rise and one ASI office at Valley Hi-Rise.) They will be accounted for separately.

**Financial Analysis.** The required financial analysis shows that this project’s revenues in the first year after conversion will be adequate to cover its expenses including capital needs during that year. As explained below, when HUD accepts the RAD application and issues a “Commitment to Enter into a Housing Assistance Payments Contract” (“CHAP”), the PHA will have six months to submit a Financing Plan that provides more details on operating revenues and expenses and capital needs over the (initial) 20 year RAD period. Here are the significant numbers for this project for Year 1:

Line #	Roosevelt Homes	AMP 4
1	Total Units	320
2	Total Income	\$ 2,466,558
3	Total Operating Expenses	\$ 2,060,794
4	Annual Reserve Deposit	37,393
5	Total Expenses	\$ 2,098,187
6	Net Operating Income	\$ 368,371
7	Immediate Capital Needs	\$ 327,393
8	Other Development Expenses	\$ 44,500
9	Initial Deposit to Replacement Reserve	\$ 252,607
10	Remaining Capital Funds	\$ 624,500
11	Net Overage/(Shortfall) - Year 1	\$ 368,371

As discussed with the Board at the June 28, 2017 business meeting and other meetings, a RAD conversion would provide greater assurance of long-term funding stability while preserving deep rental subsidies for residents/participants. A RAD conversion to PBV replaces the current public housing Annual Contributions Contract (ACC) between HUD and the PHA with a new ACC that commits HUD to provide project-based Section 8 subsidies for a 20-year period. A RAD conversion to PBRA would substitute a Housing Assistance Payments (HAP) contract in place of

the current public housing funding structure. In either case, a single Section 8 project-based subsidy would replace the two public housing subsidies (Capital Fund and Operating Fund) that rely on separate appropriations by Congress. Although both the Section 8 subsidies and the public housing funds must be appropriated annually by Congress, historically the Section 8 subsidy has been stable and consistently increasing from year to year, whereas the public housing funding has been far more volatile. A RAD PBRA HAP contract provides an annual contract amount with annual adjustments for inflation. A RAD ACC for PBV allows annual increases in the contract rents for inflation.

As discussed at the Board meetings on April 26, May 24 and June 28, 2017, staff submitted a “Letter of Interest” to HUD on April 20, 2017 to secure a place on the RAD waiting list. When this report was written HUD had not invited the PHA (or any other agencies on the waiting list, to our knowledge) to submit a RAD application. Nevertheless, staff and our consultants believe it is prudent to submit our RAD applications now, in the hope of receiving faster HUD approval for the conversions.

**Resident Consultation; Public Hearing.** With the Board’s June 28<sup>th</sup> approval to begin consultations with residents, staff scheduled a series of 23 meetings over a two week period in July, followed by another meeting on July 25 with the Resident Advisory Board (RAB). Two resident meetings were held at Roosevelt Homes Community Center and staff recorded the residents’ comments at each meeting. The comments and staff’s responses are attached and they will be included with the RAD application. A combined public hearing and RAB meeting was held on August 15, after public announcements were published on June 29 and July 27 and posted on the PHA’s website.

**RAD Application.** The RAD application for this project is attached, consisting of 10 pages. The application was drafted by the PHA’s “RAD Application Specialist” consultant, Jaime Bordenave of The Communities Group (TCG), using data provided by PHA staff. As explained in a report for the July 26, 2017 Board meeting, TCG has worked with over 117 PHAs and assisted with the successful applications covering over 37,000 RAD units to date.

**Board Resolution.** The attached Board resolution authorizes the Executive Director to execute the Board Approval Form (also attached) which must accompany the RAD application.

**Statement of PHA Capacity to Administer a PBV Project.** This statement is required to be submitted with a RAD application that requests conversion to project-based vouchers (PBV). This PHA has proved its capacity by successfully administering a PBV program since 2000, which now includes 515 housing units in 24 different projects.

**PBV or PBRA?** Staff have been carefully studying the advantages and disadvantages of the two models of project-based Section 8 funding, PBRA (Project-Based Rental Assistance) and PBV (Project-Based Vouchers). We are talking with our consultants and asking other PHAs about their experience after converting public housing to either form of Section 8 project-based subsidy under RAD. Although preliminary analysis suggested that PBRA (Project-Based Rental Assistance) seemed to be more advantageous, further research has revealed some serious drawbacks. As this report was written the PBV model appeared to be superior for this PHA, so staff proposes to request PBV conversions in the RAD applications. However, that choice is not “locked in” with the submission of the RAD applications. Staff will continue comparing PBRA and PBV over the coming weeks and present a full analysis and recommendation at the September 27, 2017 Board meeting.

As discussed previously, the timeline for a RAD conversion is long and somewhat uncertain.

Here are the major milestones:

- **HUD Invitation and Submission of Application.** After HUD invites a PHA on the waiting list to submit a RAD application, the PHA must do so within 60 days, or be moved to the bottom of the RAD waiting list. (Staff is recommending submitting RAD applications without waiting for a HUD invitation, so HUD will be able to begin processing the applications promptly after issuing the formal invitation.)
- **HUD has 60 days to process each application.** HUD must approve or deny the PHA's RAD application(s) within 60 days after receiving it.
- **CHAP (Commitment to Enter into a Housing Assistance Payments Contract).** If HUD approves a RAD application, it issues a CHAP to the PHA.
- **The PHA has six months after receiving the CHAP to submit its Financing Plan.** Within that six months specific tasks must be completed, including:
  - Environmental Review
  - Capital Needs Assessment (CNA) by a third party
  - Financing Letters of Agreement, for a project that will require outside financing.
- **HUD issues a “RAD Conversion Commitment” (RCC)** after approving the Financing Plan.
- **The PHA has 30 days to execute the RAD Conversion Agreement** after receiving the RCC. As discussed previously, the PHA can “walk away” from the RAD conversion at any time before executing the agreement. Once it is executed, the agreement is binding on the PHA and HUD for 15 or 20 years (depending on the contract term agreed upon by the parties).

With the Board's approval of this recommendation, staff will submit the RAD application for this project to HUD.

Interpreters provided: Hmong, Amharic, Spanish, Somali, Karen

40 residents present

**Questions asked:**

1. Q: Why do we (the residents) have to know about RAD if it doesn't affect us?  
A: Because this is a process required by HUD that says we need to notify the residents that are currently a part of PHA. We need to recognize resident feedback.
  
2. Q: Every year I get a statement to fill out about paying rent and electricity together. Is this the flat rent that you are referring to?  
A: You can call your Management Office for clarification on your particular circumstances.

Type of Conversion: PBRA (Project Based Rental Assistance)

Is this Project an existing Mixed Finance Project?

No

Is this Project an existing Mixed Finance Project?

No

The formulaic result from FASS data

Corrected PHA entry (if applicable)

Are you requesting the Choice-Mobility Exemption for this project?

No

Review the below table of project unit counts, by bedroom size, per the PIC data extract as of 09/13/12

PIC Bedroom Distribution							Total Units	Average Bedroom per Unit
0-BR	1-BR	2-BR	3-BR	4-BR	5-BR	6-BR		
0	63	161	68	22	0	0	314	2.16

Is the above PIC information correct?

No

Enter corrected information below

Actual Bedroom Distribution (PIC corrected)							Total Units	Average Bedroom per Unit
0-BR	1-BR	2-BR	3-BR	4-BR	5-BR	6-BR		
0	63	167	68	22	0	0	320	2.15

Enter the date corrected or PIC ticket created (MM/DD/YYYY)

02/12/2014

**Proposed Post-RAD-Conversion Unit Distribution.** Below, show the mix of units that you have proposed to convert, as well as other dwelling units at the project

	0-BR	1-BR	2-BR	3-BR	4-BR	5-BR	6-BR	Total Units
Units Converting	0	63	167	68	22	0	0	320
Market Rate								0
Other Affordable								0
Total	0	63	167	68	22	0	0	320

Please confirm bedroom type conversions, as the subsidy amount for the property cannot be increased in a reconfiguration.

For units converting under RAD, enter the current utility allowances and estimated reasonable rent determinations for each unit type.

	0-BR	1-BR	2-BR	3-BR	4-BR	5-BR	6-BR
Utility Allowances		\$61	\$109	\$129	\$157		
Reasonable Rents		\$599	\$747	\$1,006	\$1,143		

### Section 3: De Minimis Reduction

The table below compares the current total public housing units, the number proposed for conversion, the number proposed to be reduced, and the applicable de minimis threshold. Indicate the number of reductions by category in the rows that follow, along with an explanation in the accompanying text box.

Current Public Housing Units	Total Units Proposed for Conversion	Units Proposed to be Reduced	de minimis threshold	Units above the de minimis threshold
320	320	0	16	0

Skip to section 4

	Units have already received Section 18 Demolition-Disposition approval from HUD
	Reconfiguring efficiency apartments
	Facilitating social service delivery
	Units vacant for more than 24 months
	Partial conversion
0	Total

Note: The six units for AMP 11 were moved into AMP 4 after the 2014 RAD contract rent schedule was prepared by HUD. These are all 2-BR units.

**Section 4: Existing Indebtedness, Capital Needs, and Replacement Reserves**

Enter below information on the project's existing indebtedness, if applicable: ?

Energy Performance Contract (EPC)		Per Unit	\$0
Capital Fund Financing Program (CFFP)		Per Unit	\$0
Other	State Loan, Due 2044, non-	Per Unit	\$1,688
Other		Per Unit	\$0
Other		Per Unit	\$0
<b>Total</b>	<b>\$540,000</b>	<b>Per Unit</b>	<b>\$1,688</b>

Enter the most recent estimate of capital needs for the project, broken down by Immediate, Short-term, and Long-term needs. If these break-downs are not available, provide reasonable estimates.

**Capital Needs:** ?

What are your capital needs?

Year 1 (Immediate)	?	\$327,393	Per Unit	\$1,023
Years 2-5 (Short-term)		\$439,572	Per Unit	\$1,374
Years 6-20 (Long-term)		\$560,895	Per Unit	\$1,753

Please explain how you have arrived at these estimates.

The authority consolidated energy audit reports and various other engineering reports conducted in recent years, and updated to reflect work completed or additional items identified after these studies. Adjustments will be made after e-CNAs are completed.

**Replacement Reserve Funding** ?

Enter the Initial Deposit and Annual Deposit to replacement reserves below.

	Formula Amount	Your Proposal
Initial Deposit to Repl. Reserve (IDRR)	\$252,607	\$252,607
Annual Deposit to Repl. Reserve (ADRR)	\$37,393	\$37,393 <span style="float: right;">?</span>

**Section 5: Vacancy Loss and Bad Debt Loss, for Assisted Units**

Enter vacancy and bad debt data for the proposed conversion.

	3 Yr Historical Avg	Proposed
Vacancy Rate (%) <span style="float: right;">?</span>	0.27%	3.00%
Skip; no explanation necessary		
Bad Debt Rate (%) <span style="float: right;">?</span>	-0.43%	2.00%
Skip; no explanation necessary		

**Section 6: Other Rent Potential, Vacancy Loss and Bad Debt Loss**

In addition to units that will be included under the HAP contract, enter other rent potential, vacancy loss, and bad debt loss for the proposed conversion.

Type of Add'l Gross Potential Rent	Annual GPR	Vacancy Loss %	Bad Debt Loss %
Market rate apartments			
Other affordable apartments			
Office space			
Retail space			

**Section 7: Other Income**

Enter other income for the planned project.

	Annual	?
Late / NSF charges		Explanation
Damage charges		Explanation
Laundry / Vending		Explanation
Adjust Rents to 2017	<b>(\$37,537)</b>	Based on 2014 Contract Rents + OCAFs for 2015, 2016, 2017
All Other Income	<b>\$23,370</b>	Based on 2018 Budget
Other		Explanation

**Section 3: Operating Expenses**

Are you proposing the conversion in conjunction with new construction?     No    

Enter the 'Latest Approved Operating Budget' for the current fiscal year and the proposed conversion Operating Expenses. An explanation is required if any line item is entered below 85% of the latest approved operating budget.

	Latest Approved Operating Budget	Proposed
Administrative Explanation	<u>\$764,374</u>	<u>\$687,937</u>
Asset Management Fee Explanation	<u>\$0</u>	<u>\$0</u>
Tenant Services Explanation	<u>\$90,355</u>	<u>\$90,355</u>
Utility Expense Explanation	<u>\$225,870</u>	<u>\$225,870</u>
Ordinary Maint and Ops Explanation	<u>\$573,760</u>	<u>\$573,760</u>

LIHTCs are not proposed; skip to Section 14

**Section 13: Projects Utilizing Low Income Housing Tax Credits ('LIHTCs')**

**You are not proposing to use LIHTCs. Skip this section.**

Do you have a LIHTC reservation?

No

? Complete the rest of Section 13

Briefly discuss the application submission and approval timing that is provided under the current QAP. Please provide sufficient detail that HUD can understand when you will submit an application, when you will be notified regarding selection, and when a LIHTC Reservation letter would be issued to you.

Discussion of QAP timing

RAD requires that you demonstrate recent success, internally or through development team partners, in obtaining 9% LIHTCs. Below, briefly discuss your capacity and experience in obtaining 9% LIHTCs from the relevant State allocating agency.

Demonstration of recent success obtaining 9% LIHTCs

Do you have a letter from the credit-issuing authority as described in Section 1.9(B) of the RAD Notice?  ?

Provide evidence that the applicant diligently attempted to secure such a letter

Efforts to secure letter from credit-issuing authority

RAD requires that you attach a self-scored QAP application. Below, briefly discuss why you believe that a QAP application for the subject project, at the indicated score, is likely to receive a 9% LIHTC award.

Likelihood of obtaining 9% LIHTCs

**Section 14: Ranking Factors**

No 1) Do you want to designate this project as your PHA's priority project?  ?

No 2) Are you applying for a ranking factor for Choice Mobility? Skip to section Question 3

(a) Are you receiving choice-mobility vouchers?

(b) Are you providing choice-mobility vouchers?

No 3) Are you requesting the Ranking Factor for Green Building and Energy Efficiency?

Describe the certification you will pursue, if applicable

**Section 15: Additional Narratives**

Provide written responses in the grey highlighted rows below. Please limit each responses to 200 words.

Briefly describe the land, location / neighborhood, and physical plant for the project.

Franklin D. Roosevelt Homes includes 314 family apartments constructed in 1952. Structures are two-story townhouses with free parking, yards and playground areas. The development was fully renovated including major improvements to interiors, building exteriors and site work. The final phase was completed in 2002. Supportive services are available for residents of all ages at the Community Center including Headstart; Early Childhood and Family Education; computer lab including open labs, on line classes, and basic computer training; after school and summer homework, mentoring and educational enrichment program for youth; food shelf; Resident Council and council-planned activities and events. St. Paul Police Department offers a community policing program jointly funded by the Police Department and St. Paul Public Housing. The police work with youth and adults to foster positive relationships with police and successful tenancies. Officers also provide sports and other support activities for youth living in the developments. Located in the Greater East Side neighborhood, Roosevelt Homes is near the Ames Elementary School, the East Side Boys & Girls Club, the Cornerstone Montessori School and Training Center, and the recently renovated Phalen-Lakes area. Roosevelt Homes is located on a major bus route just off Maryland Avenue.

Discuss any known environmental or building product risks such as lead based paint, asbestos, PCBs, flood zone status, aluminum wiring, and fuel storage tanks (whether underground or above ground), along with associated remediation measures.

The City (Responsible Entity) has approved Categorial Exclusion Determinations for all work proposed under STPHA's Capital Fund Program 5-Year Action Plan. The PHA followed HUD environmental requirements for all new construction. The PHA has tested for lead-based paint. Identified lead-based paint has either been removed or stabilized/repared. Stabilized or repaired lead-based paint is visually inspected annually. PHA staff routinely has experts test work surfaces and abate identified asbestos or PCBs prior to commencing repair or improvement work. No PHA properties are in flood zones. PHA properties have little or no aluminum electrical wiring. PHA-hired licenses electricians will identify and use proper procedures if aluminum wiring is encountered. PHA hi-rises have on-site emergency generators at each site, which burn fuel oil-- which is stored in either underground or belly tanks under the generator. PHA engineers regularly test the level of fuel oils and promptly hire testing companies if any fuel oil leakage is suspected. All older underground steel fuel storage tanks have been removed and replaced with fiberglass tanks. All leaks were properly abated.

Discuss any needed accessibility modifications.

All PHA hi-rises, community centers and offices have been modified to allow code compliant handicapped access. Each of the PHA's 16 hi-rises has a minimum of 5% of the dwelling units that are handicapped accessible. 5% of the 592 family units at McDonough Homes (AMP 1 and AMI 13 combined) are handicapped accessible. 5% of the 320 family units at Roosevelt Homes (AMP 4) are handicapped accessible. Additional handicapped units at the Mt. Airy and Dunedin hi-rises meet the Mt. Airy (part of AMP 5) and Dunedin (part of AMP 8) combined family and hi-rise site 5% handicapped accessibility level. The PHA sets aside HUD Capital Fund Program funds each year to accomplish resident requested handicapped accessibility requests as well as required modifications for the visually or hearing impaired.

Discuss any known market competitiveness issues, such as small unit sizes or limited on-site parking, and how the conversion plans to address these issues.

There are no known significant market competitiveness issues, as reflected in this AMP's combined vacancy and collection loss of under 0.1%. This RAD Conversion is proposed as a non-financial transaction. If a financed transaction takes place at a later date, it will take into consideration any then-current market issues.

Discuss any proposed relocation plans for the project.

No relocation is planned at this time, as this will be a non-financial conversion.

Discuss the capacity of the development team to undertake the proposed conversion.

As a non-financial conversion, the authority's project-management, accounting, and in-house legal team have the experience necessary to carry out the conversion. Also, STPHA has engaged a RAD consultant for the initial feasibility, application and start-up phases, to supplement the authority's in-house RAD knowledge.

**Section 16: Required Attachments**

**The Following Must Be Attached as Part of Your Electronic Application:**

- Yes Board Approval Form
- No Evidence of PHA to Administer PBV Contracts
- No Mixed-finance Affidavit
- No Financing Letter of Interest/Intent for Lender(s) or Equity Investor(s)
- No Financing Letter of Interest/Intent for 4% LIHTCs
- No Financing Letter of Interest/Intent for 9% LIHTCs
- No Choice-Mobility Letter Agreement
- No 9% LIHTC Reservation Letter
- No Letter from credit-issuing authority
- No Self-Scored QAP Application for 9% LIHTCs
- No QAP Timeline
- Yes Resident Comments

The 2 attachments indicated 'Yes' above must be included in your electronic application package. Incomplete application packages will be rejected, and if you re-submit, your place on the waiting list will be based on the date of re-submission.

No changes were made to the PIC data

**PUBLIC HOUSING AGENCY OF THE CITY OF SAINT PAUL  
RESOLUTION NO. 17-8/23-04**

**APPLICATION FOR RENTAL ASSISTANCE DEMONSTRATION (RAD) PROGRAM FOR  
ROOSEVELT HOMES, AMP 4; MN001000004; AGENCY PLAN AMENDMENT**

WHEREAS, the Public Housing Agency of the City of Saint Paul (PHA) administers a Low Income Public Housing (LIPH) program with a total of 4,274 units, which relies on federal funding in the form of annual appropriations by Congress for both the Operating Fund and the Capital Fund, as disbursed to the PHA by the U.S. Department of Housing & Urban Development (HUD); and

WHEREAS, for many years the Congressional appropriations for both the Operating Fund and the Capital Fund have been insufficient to fully fund the reasonable and necessary expenses to administer public housing, as established by HUD formulas and expert studies; and

WHEREAS, Congress has approved a Rental Assistance Demonstration (RAD) program that enables public housing agencies to convert public housing projects to project-based Section 8 projects with long term funding contracts; and

WHEREAS, PHA staff and expert consultants have carefully analyzed the Agency's future funding needs and prospects under LIPH and project-based Section 8 rent assistance under RAD, and found that a RAD conversion would provide greater assurance of long-term funding stability while preserving deep rental subsidies for residents/participants; and

WHEREAS, all of the 3,852 LIPH units in the PHA's hi-rises and family housing developments, excluding the 418 scattered site single family homes and duplexes in AMPs 7 and 8, could be converted under RAD and achieve greater funding stability; and

WHEREAS, in July 2017 the PHA invited all residents of those units to attend one or more of 23 informational meetings about RAD, held at every hi-rise and family housing development; and an additional meeting was held with the Resident Advisory Board (RAB) on July 25, 2017; and

WHEREAS, the PHA held a public hearing on August 15 on a proposed Agency Plan amendment on RAD, after public announcements were published on June 29 and July 27 and posted on the PHA's website; and

WHEREAS, the Board of Commissioners finds that the proposed conversion to RAD is necessary and appropriate to provide greater financial stability for the public housing units in the PHA's hi-rises and family housing developments, to best serve the needs of PHA residents;

NOW THEREFORE BE IT RESOLVED by the Board of Commissioners of the Public Housing Agency of the City of Saint Paul as follows:

1. The RAD conversion application for this project, MN001000004, is approved as presented;
2. Staff is authorized to execute and submit all required documents relating to this application, including the attached Board Approval Form for RAD Applications;
3. The Agency Plan is amended accordingly.
4. Pursuant to HUD notice dated January 11, 1990, the PHA certifies that no employee is serving in a variety of positions that will exceed 100 percent of his or her work time.

**PHA's Explanation of Any Relocation of Tenants (Estimated Relocation Cost is \$0)**  
 N/A

**PHA's Explanation of Capacity and Experience to Carry Out the RAD Conversion**  
 As a non-financial conversion, the authority's project-management, accounting, and in-house legal team have the experience necessary to carry out the conversion. Also, STPHA has engaged a RAD consultant for the initial feasibility, application and start-up phases, to supplement the authority's in-house RAD knowledge.

The Honorable Dr. Ben Carson, Secretary  
U.S. Department of Housing and Urban Development  
451 7<sup>th</sup> Street S.W.  
Washington DC 20410

RE: Public Housing Agency of the City of St. Paul, MN001  
Evidence of Ability to Administer the Project-Based Voucher Program

Dear Secretary Carson:

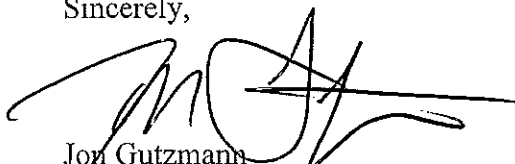

Please accept this letter as evidence of the St. Paul Public Housing Agency's ability to administer Project-Based Voucher (PBV) contracts.

The PHA currently has an existing Housing Choice Voucher (HCV) program with 4,618 authorized vouchers, of which 515 units are under contract and administered as PBV units. They are in 24 separate housing projects, both mixed-income properties and supportive housing projects serving many different types of populations that require supportive services. The PHA executed our first PBV contract in 2000 and the most recent in 2015.

We currently have experienced, certified staff and management in place who are skilled in all aspects of administering PBV contracts. We anticipate that our Section 8 department would need approximately eight more staff (one additional manager and seven line staff) to adequately administer the additional 3,856 RAD-PBV vouchers requested under our portfolio-wide RAD conversion. (Some or all of the new positions could be filled by shifting some staff from other departments.)

If you need any additional information, please contact me at 651-292-6172 or [jon.gutzmann@stpha.org](mailto:jon.gutzmann@stpha.org), or Dominic Mitchell, the PHA's Housing Choice Voucher/Section 8 Programs Manager at 651-292-6191 or [dominic.mitchell@stpha.org](mailto:dominic.mitchell@stpha.org).

Sincerely,

Jon Gutzmann  
Executive Director

JMG/FAH
